***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 14-17, 52-55, 63, 69-72 and 78-80 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims recite or encompass the term "cell" whose metes and bounds are not clear because it is not clear whether the cell encompasses an "isolated cell" or cells in animals in situ such as transgenic cells. It is suggested that the claims be amended to recite "isolated."

Art Unit: 1646

Claims recite cells containing the nucleic acids which do not have vector associated with the nucleic acid which is unclear because one skilled in the art do not create host cells with DNA which does not have a vector associated with the DNA.

Claim 63 recite "recombinant" whose metes and bounds are not clear because it is not clear whether the recombinant encompasses an "isolated DNA" or DNA in animals in situ such as transgenic cells.

5. Claims 1-2, 13, 51, 56, 58, 60, 62, 64-68, 73-77 are allowed.
